

Halle Grimm

My name is Halle Grimm, and I am writing to express my support for the proposed West River Dairy Expansion.

Riverview was my first job at 14, where I worked in a front desk position. That experience opened up many opportunities for me and helped me grow both personally and professionally.

Riverview has continued to support me as I prepare to go off to college this fall through their scholarship program, which benefits around 55 high school seniors with \$3,000 that I plan to use towards my academics.. This commitment to supporting young people and investing in the future of the community is something I have personally experienced and value deeply.

From my experience, Riverview operates in compliance with all regulations and is thoughtful in how it manages environmental responsibilities, including considerations related to land, roads, and the surrounding community. I believe Riverview is responsible and committed to environmental care, and I trust that this expansion will be handled with the same level of attention and integrity.

For these reasons, I respectfully support the approval of the West River Dairy Expansion. Thank you for the opportunity to provide comment

Thank you,

Halle
