

RIVERVIEW
APR 13 2020

The SIZE of the Riverview expansion project is OUTRAGIOUS and NOT WANTED in STEVENS COUNTY.

Being a proud area farm resident for most of my 80 years, as well as the generations before me. I VALUE our MANY LAKES and the outcome of the grain and smaller farms we have in the area now and into future.

Also have a HUGE concern for the ODOR, WATER, HEALTH ISSUES and what about the aquifer in the future.

We need everyone to make up a community, not just the BIG Companies.

Regardless of the outcome of the reports. My answer is NO! NO! NO! To the LARGE EXPANSION.

**Respectfully,
Darlys Vogt**

PS thanks for your time
