

# Isidro Granados

MPCA,

I have been working with Riverview for more than 16 years, as a First Generation American, this kind of projects have provided an unvaluable opportunity for my daughter who is studying college at SDSU, my two boys who are also Americans and one is working, and another one is studying here in the USA and my wife also who works here.

The sites I have work at through the years are clean, organized, with minimal flies and odor, the integrity and ethic is part of part DNA, also we care about the land, water and future for all Americans.

I support the expansion

Isidro Granados
