

Baldomero Penaloza

My name is Baldomero Penaloza. I am writing to express my support for the proposed expansion at West River Dairy. I have lived in Stevens County for five years, and my family and I live near one of Riverview's farms. As a neighbor, I have seen how Riverview takes care of the roads and the environment. They keep the roads clean, especially during the harvest season. In the summer, they also work to dust on gravel roads controlled. Riverview is a responsible business and runs good operations. They have been good neighbors to me and a positive presence in the community. I am confident Riverview will continue to operate the West River Dairy expansion as they do with their current farms.

I support this project and encourage its approval.

Thank you!
