Re: Riverview, LLP

Dear Mr. Peterson:

My name is Bryce Gibbs, and I am a principal at Pinion, LLC a consulting and accounting firm that serves agricultural operations across the United States, including Riverview. I am writing to express my support for Riverview's proposed West River Dairy expansion in Stevens County.

Through our work in the agricultural sector, we depend on a strong and stable livestock industry. Operations like Riverview's generate consistent economic activity that supports local jobs, drives investment, and helps rural communities thrive.

In my view, the proposed expansion would provide economic benefits to the region by increasing demand for local vendors, supporting construction activity, and contributing to long-term employment.

Based on our experience working with Riverview, they have been a professional and reliable partner, and have a constructive presence in the communities where they operate. Their investments support a broad network of agricultural and service-related businesses.

Based on my understanding of the project and Minnesota's environmental review framework, it is my understanding that an environmental impact statement (EIS) may not be required. As you complete your review, I respectfully encourage the Agency to consider the project's economic benefits alongside its proposed environmental safeguards. Thank you for your time and consideration; please let me know if I can provide any additional information.

Respectfully,

Pinion, LLC

A handwritten signature in black ink, appearing to read "Bryce E. Gibbs". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
