

Sentry (Seth Berg)

ATTN: Charles Peterson
520 Lafayette Road
St. Paul, MN 55155

To Whom It May Concern,

My name is Seth Berg, and I'm with Sentry. Our company does millwright work, roll-off container service, and crane work for ag operations, including Riverview.

I'm writing in support of their expansion at West River Dairy in Stevens County.

Work like this matters to businesses like ours. Projects like Riverview's keep guys working, keep equipment moving, and support a lot of local vendors and contractors. It's not just one operation—it has a ripple effect across the whole area.

From what we've seen working with Riverview, they run a solid operation and are good to work with. They know what they're doing and handle things professionally.

In my opinion, the current environmental review process is more than adequate, and I don't see a need for an additional EIS. I'd encourage you to approve the project.

Sincerely,
Seth Berg
