

## Interstates (Mike DeRosier)

See attached letter:

April 9, 2026

Minnesota Pollution Control Agency  
ATTN: Charles Peterson  
520 Lafayette Road  
St. Paul, MN 55155

Dear Mr. Peterson,

My name is Mike DeRosier, Regional Manager of the Interstates Brainerd, MN. Interstates has had the opportunity to work with Riverview on electrical contractor services over the past several months, and I am writing in support of Riverview's proposed West River Dairy expansion in Stevens County.

Through our experience, Riverview has been a professional and kind partner. They value their people and approach their work relationships with trust, respect, and good communication.

Projects like this can help support continued investment in rural Minnesota and contribute to the long-term strength of the agricultural economy. Responsible growth in production agriculture creates opportunities for local businesses, trades, and communities that depend on stable economic activity.

I respectfully encourage the Minnesota Pollution Control Agency to consider the value of this project and Riverview's role as a long-standing agricultural business in Minnesota.

**Sincerely,**

Mike DeRosier

Regional Manager  
Interstates Brainerd
