

Chad Davison

My name is Chad Davison and I am a farmer near Riverview's North Ottawa Dairy. I am writing in support of their proposed West River Dairy expansion in Stevens County.

In my experience with Riverview, they are a positive influence within the communities they operate. Their presence opens up new markets and new opportunities to local farmers, which is essential in times when we endure low commodity prices.

No EIS is needed as the state environmental review process is rigorous and very sufficient. I respectfully encourage your support and approval of this important project.

**Sincerely,**

Chad Davison
