My name is Jason Henrich, and I am the General Manager of Flat Rate Inc., a company specializing in concrete placement and aggregate hauling throughout Minnesota and the Dakotas, servicing agricultural operations like Riverview LLP.

I am writing to offer my support for Riverview's proposed West River Dairy expansion in Stevens County. Based on our firsthand experience of working on projects with Riverview over the last fifteen years, we can confidently say that Riverview operates with professionalism and reliability. Their projects contribute positively to the areas in which they are located, strengthening the broader network of agricultural producers and service providers.

Agricultural operations like Riverview's play a key role in sustaining the economic health of rural communities that depend heavily on agriculture. They drive economic activity by creating jobs, encouraging local investment, and supporting local businesses like ours. Supporting growth in this sector helps ensure that local businesses can continue to operate, expand, and provide valuable employment opportunities within their communities.

Based on our longstanding relationship and firsthand experience, we are confident in Riverview's ability to meet all applicable environmental regulations and operate responsibly within the community. I respectfully encourage you to approve and support the West River Dairy expansion.

Thank you,

**Jason Henrich**
