

Steffl Drilling & Pump Inc (michael Steffl)

My name is Michael J Steffl. I am the owner/operator and an employee of Steffl Drilling & Pump Inc. We provide what nothing living can survive without WATER. We serve multiple agricultural operations in Minnesota, North Dakota, South Dakota, Iowa, and Wisconsin. I am writing in support of Riverview's proposed West River Dairy expansion in Stevens County.

We need operations like Riverview's consistent economic activity that supports local jobs and allows businesses like ours to grow and reinvest in our communities.

This proposed expansion represents a meaningful economic benefit to the region. It supports the long-term employment and vitality of rural communities.

From our direct experience, Riverview is a professional and reliable partner that contributes positively to the communities where it operates and beyond.

Projects like this are essential to maintaining a competitive and sustainable rural economy.

Continued investment in agriculture ensures that local businesses can continue to provide jobs, services, and economic stability in rural Minnesota and beyond.

No EIS is needed as the state environmental review process is rigorous and very sufficient. I respectfully encourage your support and approval of this important project

Sincerely,

Michael J Steffl
