

Corey Rost

To Whom it may concern,

I have had the pleasure of working with Riverview Farms for the past six years, and during that time I have consistently been impressed by the professionalism, organization, and high standards maintained across their operations.

The Riverview Dairy organization is one of the most professional organizations I have ever worked with. Each dairy is consistently clean, well maintained, and operated with a clear commitment to quality and efficiency. This level of consistency reflects strong leadership and well trained staff throughout the organization.

Equally impressive are the employees of Riverview Farms, who have always demonstrated courtesy, professionalism, and a strong commitment to excellence. Their attention to detail and respect for best practices contribute significantly to the organization's outstanding reputation within the industry.

Based on my experience, they are a reliable, professional, highly capable organization that cares about their employees, the environment and communities around them.

Regards,

Corey Rost
