RE: Riverview LLP

Dear Mr Peterson,

I am writing to express my strong support for Riverview Dairies and their proposed West River Dairy expansion.

Riverview Dairies has consistently demonstrated a commitment to operating clean, well-maintained, and professionally managed facilities. Their dairy operations are orderly, environmentally responsible, and reflective of high standards in animal care and site management. In my experience, their facilities are kept in excellent condition, and they take pride in maintaining their property in a way that positively represents modern agriculture.

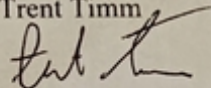

Beyond their operational standards, Riverview Dairies provides meaningful benefits to the local community. They create jobs, support local businesses, contribute to the tax base, and strengthen the agricultural economy in the region. Their presence helps sustain rural communities and ensures continued economic vitality.

Based on their track record and the way they manage their existing facilities, I am confident that the West River Dairy expansion will be handled responsibly and with respect for environmental regulations and community standards.

Thank you for your time and consideration. I appreciate the opportunity to share my support for the West River Dairy Expansion.

Sincerely,

Trent Timm
