

Vanessa Sandoval

My name is Vanessa Sandoval, and I have lived in the Morris area for almost 14 years. In that time, I've had the opportunity to learn more about Riverview's farms and way of doing business. While I have always been impressed by how impeccable Riverview's farms are, what has impressed me the most is the company's conscientiousness and focus on taking care of people. Riverview provides good paying jobs in rural communities. Riverview, however, is not exclusively concerned with taking care of its employees. I know that Riverview is an active participant in the communities where it operates, often donating to local charities and causes. Riverview is particularly committed to providing opportunities for the next generation, and that is why I struggle with some of the comments that have been submitted during this comment period. It is my belief that Riverview would not pursue an expansion if it led to environmental degradation that could have a detrimental effect on people's lives. I support the West River Dairy expansion, and I hope they receive the necessary approvals.

Thank you!
