Watershed: Mississippi River - St. Cloud

Receiving water: Mississippi River - Class 1C, 2Bdg, 3, 4A, 4B, 5, 6 water

Description of permitted facility

The existing facility has a continuous discharge from SD 001. The facility is a Class A.

The facility is designed to treat:

- an average wet-weather (AWW) flow of 2.360 million gallons per day (mgd)
- an average dry-weather (ADW) flow of 1.790 mgd
- five-day biochemical oxygen demand (BOD₅) of 9,211 pounds per day (lbs/day) at AWW flow

The facility consists of screening, grit removal, three sequencing batch reactors, chemical addition for phosphorus removal, and chlorination/dechlorination. Biosolids treatment consists of dissolved air flotation, primary and secondary anaerobic digestion, storage tanks, and screw press dewatering. Biosolids are land applied and landfilled.

The preliminary determination to reissue this wastewater permit is tentative.

Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

- 1) Submit written comments on the draft permit.
- 2) Petition the MPCA to hold a public informational meeting.
- 3) Petition the MPCA to hold a contested case hearing.

Submitting written comments

Comments may be submitted:

- 1) Online at <https://mpca.commentinput.com/comment/search>; or
- 2) By U.S. postal mail to the following address:

Holly Mikkelson
Minnesota Pollution Control Agency
7678 College Rd, Ste 105
Baxter, MN 56425

Submitted comments or petitions must state:

- 1) Your interest in the permit application or the draft permit.
- 2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
- 3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
