A draft Solid Waste Management Plan (SWMP) is available for review on the Minnesota Pollution Control Agency (MPCA) Public Notices webpage at <https://www.pca.state.mn.us/get-engaged/public-comments>. Additional materials relating to the draft SWMP are available for inspection by appointment at any MPCA office (<https://www.pca.state.mn.us/about-mpca/contact-us>) between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. The MPCA will mail or email a copy of the draft SWMP upon request. Comments and other requests must be received at the MPCA in writing on or before the public comment period end date and U.S. Mail comments must be received by 4:30 p.m.

Description of SWMP

Murray County submitted a SWMP to the MPCA that proposes an integrated solid waste management system. The SWMP states that over the ten-year planning period of 2026-2035, Murray County will:

- Generate approximately 8,000 tons of Municipal Solid Waste (MSW) annually.
- Reduce MSW by approximately 0.8 tons annually by supporting the annual rummage sale hosted by the Hospice Program at the Murray County Fairgrounds.
- Educate residents about proper solid waste management via newspaper articles, social media, websites, and booths at various events.
- Achieve a 37% recycling rate (approximately 3,000 tons) by providing curbside source separated collection in incorporated areas and 11 drop sites across the county for rural residents.
- The MSW that is not reduced, reused, or recycled (approximately 4,600 tons) will be managed at the Nobles County Landfill near Rushmore, Minnesota.
- Problem materials such as tires, electronics, appliances, household hazardous waste, and automotive fluids will be collected at the Murray County Recycling Facility, private businesses, and via special collections.

Procedure for submitting comments

During the public comment period a person may submit comments to the MPCA on the SWMP.

Comments may be submitted:

- 1) Online at <http://www.pca.state.mn.us/publiccomments>; or
- 2) By U.S. postal mail to the following address:
Minnesota Pollution Control Agency
c/o Ben Crowell
504 Fairgrounds Rd Ste 200
Marshall, MN 56258

Submitted comments must state:

- (1) Your interest in the SWMP.
- (2) The action you wish the MPCA to take, including specific references to the section of the SWMP you believe should be changed.
- (3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A person may request the MPCA to hold a public informational meeting on the SWMP. A person requesting a public informational meeting must submit the following information as part of the request:

- (1) A statement of why a public informational meeting is necessary;
- (2) The issues the MPCA should address at the public informational meeting; and
- (3) A proposed time and place for the public informational meeting.

SWMP Final Decision

In making a final decision on the SWMP, the commissioner will consider all information submitted by the county, all information received from the public during the public comment period, and all information submitted during a public informational meeting if one is held. The commissioner must also determine whether the SWMP meets the requirements of Minn. R. parts 9215.0540 to 9215.0790. The commissioner's approval will remain in effect for ten years unless the commissioner determines that a shorter period of time is required to ensure that the county implements the plan.
