Dear New Mexico Environmental Improvement Board,

On behalf of Western Resource Advocates' supporters across New Mexico and beyond, we want to thank you for your ongoing work discussing options to advance transportation electrification in New Mexico.

Attached is a list of 41 New Mexico residents who added their name in support of the Low-Emission Vehicle (LEV) and Zero-Emission Vehicle (ZEV) standards being considered on May 4-6.

Each of these signatures is being provided from the individual supporter, and not on behalf of Western Resource Advocates.

Our supporters look forward to your continued commitment to increasing electric vehicle adoption in New Mexico.

Thank you,
