

Rubi Lozoya

My husband and I oppose the proposed Broadway Transfer Station. Current traffic is already a problem, our roads are in poor condition, and we are already preparing ourselves for the influx of new residents which will accompany the huge apartment complex being built on the corner of 2nd and Rio Bravo. Having over 400 trash trucks sharing the same road space will only intensify these issues. Please DO NOT allow the Broadway Transfer Station to be built. Thank you.
