

## Teresa D'Anza

I am a resident of the Mt View neighborhood and I join with this community to object to the placement of a waste transfer station at Broadway and Bobby Foster. This community has existed for a very long time in the shadow of the Industrial and Commercial zoning along Broadway. The result is heavy trucks, semis and heavy equipment traveling up and down, not only Broadway, 2nd St, Desert Road and even Rio Bravo. We have been a community experiencing road construction for most of the 11 years I have lived in this community, with no end in sight. The roads are in terrible shape b/c of the heavy trucks which are either laboring up Desert or barreling down Broadway. The industry in this corridor is often either toxic or dust producing affecting the health of the young and elderly. I respectfully request that an alternate location be considered for this Transfer Station.
