

Lin Craft

I strongly oppose this garbage dumping ground for huge waste from 4 counties in my back yard. I have already complained numerous times regarding Ace Metal recycling at 5711 Broadway due to extreme noise daily, smoke, and dust from burning of metal, and huge , ugly piles of scrap metal we have to look at daily.. The whole area between Broadway and 2nd is nothing but junk yards and needs a clean up, not a garbage dump. The citizens of Mountain View neighborhood deserve better. Our homes and real-estate investment are important to us. This will further devalue our homes, living conditions, and our property. NO GARBAGE IN OUR NEIGHBORHOOD!!!!
