

Robert Gow

This needs to stop already. We have enough trash in our neighborhood. They are finally fixing the streets in the Mt. View area and now they want to destroy what our tax dollars pay for. Our area doesn't get anything out of this. We can't even make our area beautiful all i have to do is look across the tracks and see more and more junk yards. This needs to stop I definitely APPOSE the Transfer Station on Broadway and anywhere in out neighborhood.
