

## Carlos G. Armendariz

Are you all out of your minds work 15 minutes of work and take 45 off? How are these people going to live off of 2 hours of work a day? Are you all drug addicts or alcoholics? Why would you even consider this? You are seriously trying to destroy our state & country aren't you. We are last in everything in NM because people like you put yourself above the poor in NM by lying to the constituents that you're trying to help them and you are not. Democrat party is the party of slavery, racism, segregation, hatred, lying, Jim Crow, lynchings. The democrats are the ones who put signs up that read no Mexicans or Blacks allowed but you still follow them blindly. Its time for all of you to be voted out forever, none of you should be able to hold any voted position ever again. You have no respect for any of your constituents.
