

To the Environmental Improvement Board Members:

One of the best ways to strengthen our communities is by creating opportunities for people to live and work where they grew up. Projects that bring new investment and create quality jobs help accomplish that goal.

Project Jupiter has the potential to make a meaningful contribution to Southern New Mexico's future, and I respectfully ask that the Board approve the requested air quality permit applications.

A handwritten signature in black ink that reads "Alexis Mendoza". The signature is written in a cursive, flowing style.

Alexis Mendoza (aam@flo.net)
