

Dear Members of the Board,

Thank you for considering public comments regarding Project Jupiter.

This project represents more than a single investment - it reflects confidence in New Mexico's workforce, businesses, and communities. Investments of this size create opportunities across many sectors of the economy while helping position our state for future growth.

I respectfully encourage approval of the project's air quality permits.

A handwritten signature in dark ink, appearing to read 'Luis', with a long horizontal stroke extending to the right.

Luis Antonio Lira
