

Kate Qinters-Davis

Generative ai and it's data centers have never and will never be necessary for the development of humanity. All this accomplishes is the enhanced destruction of our planet and more money and power towards the billionaires that are running the world into the ground.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
