Yo! We don't want data centers gang. Its useless. Use your brains. Its free. We need water to live. You need water yourself. Not for data centers, you big piece of capitalist pig! You care about money, power, dominance , and competition. Do you even care about yourself? Look at you. Useless pig. No one needs data centers. And if you think those boys who use ai to generate sexual content on innocent girls, that tells us what kind of a person you are.
