We dont need AI. Its helpful in the MEDICAL FEILD it shouldn'tbe used to talk to an AI BOYFRIEND! we are already losing CLEAN water. People are dying and losing one of the most important things to live WATER. Project Jupiter just proves people are actually losing their minds. We are actively losing clean water and we are losing animals that have lived for thousands of years isnt it weird that in this generation we are losing them more? Why should I be scared for my future? Oh its fine I know why, ITS BECAUSE WE ARE ACTIVELY LOSING CLEAN WATER. I hope this helps. DONT STOP TALKING ABOUT THIS!
