

Paris Williams

We don't want or need a data center, our water, our communities, and our animals are being harmed by this. The noise it produces is noise pollution and causing animals to produce stillborns. The community 60 more days to review and comment on the permit, so people can equitably participate. The permit needs to be denied, knowing Bloom energy's track record of illegally dumping hazardous material. And if it isn't denied, a public hearing needs to be held, in both Spanish and English, with virtual attendance as an option as well to be accessible to all. Approving the permit is government assisted systemic racism, targeting an already impacted community that doesn't have air quality meeting government rules.
