

River cox

We can live without ai, ai will do nothing for us if we won't live to use it. I want to have children, i want to live a happy life, i want to enjoy the nature and the earth and her oceans. Project jupiter will be catastrophic to our planet and its ecosystem. We have reached record temperatures and A large AI center that is going to be releasing TONS of carbon and green house gases alike is not something we need at all. Our planet still has a chance, but not if we don't work together to help it.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
