

Rebecca Woodbury

I am alarmed not only by the entire Project Jupiter ordeal, of which this permit for Yucca Growth Infrastructure is part of, I am livid that this organization is skirting the regulations to force this project through AND they seem to be faking support letters to stack the deck (see attached file). This is abhorrent. All of these "support" letters (they all have the same copy) should be disregarded and this permit should not be approved.

Christopher Tapia

I am writing to express my support for Project Jupiter, which I believe offers significant benefits for our community.

Project Jupiter is poised to bring substantial economic growth to Dona Ana County. It is anticipated to create 4,000 construction jobs and 1,500 project-supported jobs. Furthermore, Project Jupiter has committed \$50 million to help repair, upgrade, and improve local water systems; \$360 million in direct support for schools, infrastructure, and local services; and \$6.9 million to fund workforce development initiatives along with supporting the Boys and Girls Club of Las Cruces, clean drinking water, the local community college, and habitat restoration.

I urge the New Mexico Environment Department to approve this important project.

Sincerely,
Lorenzo Ortiz

These
names don't
match

Either this guy forgot who he was
or this is a

FAKE letter of support

Ya'll are trying to stack the deck
with fake support
NO to this permit!
