

Suzanna Gurulé

We must not put our state and water up for sale at such a high price to our communities. If we do not honor our resources, we will reap the consequences that affect our children and grandchildren for years to come. Do the right thing for NM. Listen to the people.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
