Data centers destroy ecosystems, don't let the ecosystem destroying mass surveillance enabling, constitutional rights destroying, never ending noise & light, water gobbling surveillance machine for the prison state steal all our water & kill our people. No more data centers.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste.

If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
