

New Mexico Construction Alliance

As a local non-profit that supports the growth of the construction industry through advocacy and education throughout New Mexico, we're writing to express our support for Project Jupiter.

For members like ours, Project Jupiter promises a significant economic boost, creating 4,000 good-paying construction jobs, followed by 1,500 project-supported positions, that will increase local spending across the community and support small businesses like ours. Project Jupiter's commitment to investing millions in Dona Ana Countys schools, infrastructure, and local services will also help businesses attract and retain talent while strengthening our local economy and customer base.

We strongly encourage the New Mexico Environment Department to approve this project.

Sincerely,
The Board of Directors,
New Mexico Construction Alliance
