

Sandy Dunaway

I am writing to express my support for Project Jupiter, which I believe offers significant benefits for our community.

Project Jupiter is poised to bring substantial economic growth to Doña Ana County. It is anticipated to create 4,000 construction jobs and 1,500 project-supported jobs. Furthermore, Project Jupiter has committed \$50 million to help repair, upgrade, and improve local water systems; \$360 million in direct support for schools, infrastructure, and local services; and \$6.9 million to fund workforce development initiatives along with supporting the Boys and Girls Club of Las Cruces, clean drinking water, the local community college, and habitat restoration.

I think an honest attempt has been made to satisfy environmental concerns and with that in mind, I will support economic growth in this capacity. The caveat is that if this good faith attempt is not real or backed out of, I will remove my support.

I urge the New Mexico Environment Department to approve this important project.

Sincerely,
Sandy Dunaway
