

Adriana Gonzalez

Creating this gigantic data center will not benefit anyone, it will only harm us and our planet. This is will also deeply affect, as if it's not already but it will affect so animals and their habitats. This center I'm sure you know, is going to take away the clean water for multiple people and leave them with dirty water coming out of their faucets. Everyone knows climate change is increasing every day and AI is not going to help reduce it.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
