

Renee P

I strongly oppose this data center and the irreparable damage it will do to our already struggling environment. Generative AI serves no purpose other than a waste of money, resources, and intellect. Do not build this center and instead put this money into keeping our planet habitable, not making it worse.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
