

Will Hume

New Mexico doesn't have the water resources to support these kinds of projects, and we definitely don't need to be offering 30 year tax breaks to companies that can afford to spend \$165 BILLION on a single project. That means the rest of us are subsidizing them, and we really don't have the tax basis in this state to absorb that kind of shortage.

Prioritize the people who live here more than the oligarchs!
