The air quality permit application should be denied given Bloom Energy's history of illegal dumping hazardous waste.

I am a young breast cancer survivor and have a compromised immune system. I cannot live in close proximity to these pollutants.

If the permit is not denied, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.

Approving this permit would be government-sponsored environmental racism as residents of Doña Ana County are already disproportionately impacted by environmental pollution.
