Stop project Jupiter! Stop destroying the only planet we have. I am scared for my future. I want to have children someday and I'd like them to live on a healthy planet! Climate change is REAL!! This only adds fuel to the flame. We do not need Ai!!!!!!

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
