STOP PROJECT JUPITER!! are you guys insane?? When the last tree dies, and the last drop of water runs out. YOU. will realize that we CANNOT. EAT. MONEY. Do you not see the climate change that is HEAVILY. affecting us?!?!??? Instead, if you were to put this much effort into fixing this climate change, MAYBE JUST MAYBE Europe wouldn't be 30C degrees right now. Which is NOT NORMAL for Europe and never has and it is regular CLIMATE is always and has been cold. You are truly disappointing and money hungry. I hope project Jupiter fails since your nasty, greedy, money hungry intentions are taking over the world. If you put this much effort to reversing climate change. You would make alot more money AND alot more support. Since money is all you care about you greedy disappointments.

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
