I already see that the world is dying enough and I don't want any more of that and I feel like if this thing actually gets built it's going to get normalized and we're gonna see bigger and more data centers like that and it's just going to kill our world. The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
