

We The people

I am writing to express my non support for Project Jupiter, which I believe offers significant downfall for our community.

Project Jupiter is poised to bring substantial economic growth to Dona Ana County. It is anticipated to create 4,000 construction jobs and 1,500 project-supported jobs. All for the purpose of a "data center", which in turn, violates your privacy rights. Furthermore, Project Jupiter has committed \$50 million to help repair, upgrade, and improve local water systems; \$360 MILLION in direct support for schools, (which will be used as a selling point), infrastructure, and local services; and \$6.9 million to fund workforce development initiatives along with supporting the Boys and Girls Club of Las Cruces, clean drinking water, the local community college, and habitat restoration.

I urge the New Mexico Environment Department to disapprove this important project. It's violating our privacy rights.

What is the need for a "data center",? so the government can keep tabs on you.

Sincerely,
We the people
