AI is not something that we need. It's something that we want. We all know we can live without it. And we must because we will die with it. Our planet can't handle all of these data centers polluting our water. Please put an end to this for the sake of every living thing on the planet.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
