

Manuel Armendariz

As a new employee working at STACK, Im proud to be part of something that will have a positive impact on our community. This project is creating good-paying jobs, investing in our local infrastructure, and helping bring long-term economic growth to southern New Mexico. Im excited to be part of a team thats building for the future while being responsible with our communitys resources. I support Project Jupiter and the opportunities it brings to our region.

I strongly encourage the New Mexico Environment Department to approve Project Jupiter.

Sincerely,
Manuel Armendariz
