

Jose Daniel Rave Usuga

From the name and address you must have inferred that I'm from outside the United States, and that's right, I'm from Colombia and I would like to be something like an activist so this little like doing forms against this type of horrible projects is a step I must take to accomplish my goal. :)

Stop project jupiter

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
