

Humayra Talukder

We need our earth to survive, there's no planet B. Earth isn't ours for us to destroy in the first place, we are also responsible for the harm we've already caused to the animals. We cannot eat money.

Please don't.

SAVE EARTH!!!

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
