

Pyper anon

STOP BUILDING DATA CENTRES!!, it's beyond bad for our planet and your kids, your grandkids will NOT have beautiful fresh air to breathe in, or fresh normal water to drink, if anything DESTROY these data centres and take action into helping our planet!!, we only have one shot with our planet and in 3 years climate change will be IRREVERSIBLE. We didn't need AI back then so why do we need it now?

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
