

Ginelle Hernandez

Ai uses so much water just for a single question, and we are running out of fresh drinking water and also going through climate change which is why it has been so hot and it's only going to get hotter so planet Jupiter can cause more climate change.

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
