Data centers ruin the lives of many that occupy said territory that they want to bleed dry, people don't want more data centers, they want clean water and no noise pollution, building this data center will ruin the lives of the species native to the land and will cause mass destruction.

The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually.
