

Zan Uchuu

Building a data center in the desert in a low income state makes absolutely no sense at all. It will put undue stress on the local community and destroy the local ecosystem. PLEASE DO NOT BUILD THIS NEEDLESS WASTE OF SPACE!

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
