

# Viktoria Aivaliotis

Hello,

I moved to New Mexico from the East Coast because I fell in love with the culture and natural beauty of this land. It would be a great disservice to this state to allow a data center to be built here and pollute the magical land of enchantment. This land belongs to the native tribes and are sacred to the culture here. It is not just to destroy this.

Sincerely,  
Viktoria Aivaliotis
